# RAMZ

**FIRE & SAFETY**

We have a solutions for you....

Ramz Engineering Group (REG) was founded in 1998 as a small engineering consultants firm, which today has expanded into a successful engineering consultant group. Within seventeen years, REG has grown to be one of the largest privately held professional consultancies in the Kingdom of Saudi Arabia.

Ramz is reputed for its strong all round technical expertise and efficient support. It holds the most dominant brand in the design & supervision industry and enjoys the maximum mind share amongst our customers. Over the years, we have carefully nurtured the brand and customers. We lead the markets in our fields of interest.

REG includes:

- Ramz Engineering Consultants,
- Ramz Safety Consulting Engineering &
- Ramz Environmental Consultants.

## ABOUT

REG is aiming to strength its position within the Kingdom of Saudi Arabia engineering consultants industry by ensuring that the clients and market needs are always satisfied. This is accomplished by a strong company's culture committed to the quality, responsibility, as well as to the respect of people and environment.

## MISSION

رمز للاستشارات السلامة الهندسية  
Safety Consulting Engineering

We have the most experienced team of fire & life safety consultants in the region. We work with Saudi Civil Defence Forces to improve national safety. We put the design, approval and ongoing operation of each project in the safest hands in the Kingdom of Saudi Arabia.

- We have a sizeable team of experienced fire & life safety professionals in the Kingdom.
- Our experts have extensive background and understanding of all local requirements, including NFPA suite of codes.
